

# Restroom Care

Using checklist, assemble all necessary equipment and chemicals on utility cart.

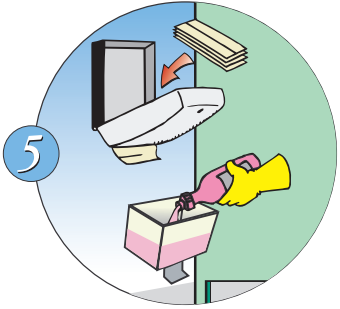

Flush toilets and urinals. Remove urinal screens and toilet bowl hanging deodorizers.

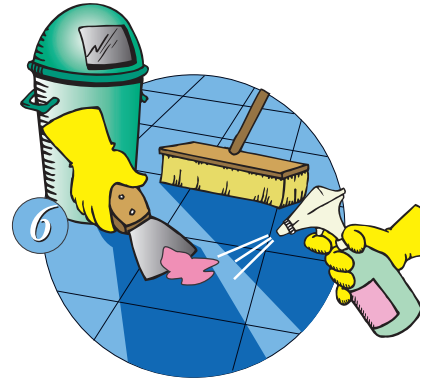

Spray **CAM PRO Ultra Bright** on tile walls and **CAM PRO FB-2 RTU Disinfectant Spray Cleaner** onto every other surface and fixtures. Spray on/wipe off walls, partitions and around urinals with a green microfiber cloth.

Empty all waste receptacles and replace plastic bags where necessary.

Refill all towel, tissue, and soap dispensers.

Sweep and pick up paper and trash from floor with broom and dustpan. Use long-handled scraper and **ECOSPHERE Bio Gel Graffiti Remover** to remove gum and other attached soil deposits.

Remove graffiti from walls with **ECOSPHERE Bio Gel Graffiti Remover**.

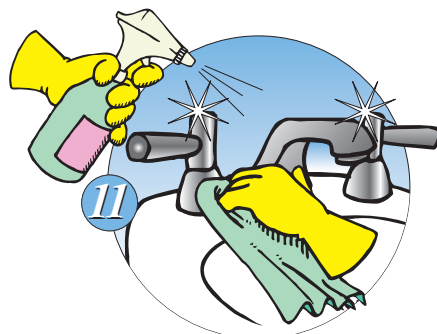

Using **ECOSPHERE Organic Acid Bowl Cleaner** and bowl mop, clean toilets and urinals, and flush.

Replace toilet bowl hanging deodorizers, urinal screens and urinal mats in bathrooms.

Using **MPC Bully Creme Cleanser**, scrub basins with a scrubbing pad. Rinse and polish dry with a green microfiber cloth.

Use **MPC Sure Shine** to polish all metal fixtures with a green microfiber cloth.

Spray all mirrors with **CAM PRO Premium Glass Cleaner** and wipe with a green microfiber cloth.

Mix **CAM PRO TAC-20 Neutral Disinfectant Cleaner** according to directions and mop the floor working toward the door and rinse.

Clean all equipment and store neatly for next day's use.
