## BIO ENRICHED ENZYME

# URINE REMOVER

- REMOVES ODORS AND ELIMINATES STAINS
- USE ON URINALS & TOILETS, TILE & GROUT

### DESCRIPTION

**CAM PRO URINE REMOVER** contains selected bacteria that degrade urine. This process reduces odors and helps to prevent the build-up of salts that form urinal stone. Urinal Treatment can be used in both conventional style flush urinals and waterless urinals that are designed with an oil type barrier.

### DIRECTIONS

**For urinals & toilets:** Spray directly onto stain until completely covered. Rinse with water or wipe with a clean damp cloth.

**For tile & grout and tougher stains:** Spray directly onto stain until completely covered. Wait 5 minutes, then rinse with water or wipe dry.
